

Amarillo National Bank Migrates to QRails

QRails technology enables Amarillo to expand its specialized card product offering

Denver, CO (May 22, 2018) — QRails, Inc. a financial technology company offering sophisticated integrated processing and program management services and other solutions to banks, credit unions, and the digital payments industry, today announced that Amarillo National Bank has chosen QRails as their technology partner for prepaid card payments and issuer processing. Amarillo National Bank is located in Amarillo, TX.

“QRails has been able to constantly innovate and adapt to our demands to help us simplify our processes and truly give us the best solutions we could possibly hope for,” said Stewart Dodson, Vice President/ Card Center Manager at Amarillo National Bank. “With the ability to quickly innovate and change to meet our back-office demands along with giving us the ability to offer the latest in payments technology to our customers, we feel we truly have a partner that will allow our product to grow and flourish like never before.”

“At QRails we recognize that each of our clients has unique challenges to meet corporate objectives and market demand, which is why we built a highly configurable payments processing platform with integrated program management,” stated Naseer Nasim, CEO of QRails. “We look forward to a long and productive relationship with Amarillo National Bank.”
